

# Yassir Rouane

## Full Stack Web Developer

Casablanca, Morocco | contact@yassir-rouane.me | +212 672856906 | Linkedin: yassir-rouane | Github: ramo4040 | Portfolio: www.yassir-rouane.me

### Professional Summary

---

Full-stack Web Developer who builds web applications with React, Next.js, Node.js, and Laravel. I create scalable apps with real-time features. I am ready to use my problem-solving skills and modern development knowledge to build great software.

### Work Experience

---

#### MindSprint – AI-Powered Developer Learning Platform

Dec 2024 – Mar 2025

React.js, Redux, Node.js, Express, TypeScript, MongoDB, MySQL, Redis, Docker, GitLab CI/CD, Figma, UML.

- Reduced setup time by containerizing the app with Docker and automating deployment through GitLab CI.
- Built a full-stack web platform using React, Redux, and Node.js to help developers follow structured, personalized learning paths.
- Improved collaboration by adding a real-time chat system using Redis Pub/Sub, supporting active learning in teams.
- Added AI-based explanation features that simplified concept validation and boosted engagement

#### RH Carl – Car Rental Management System

Mar 2025 – Apr 2025

Laravel, Next.js, TypeScript, MySQL, Tailwind, Redux, RTK Query, Sanctum

- Built a complete booking system that allowed customers to reserve vehicles online and eliminated manual phone-based operations.
- Developed a fleet management dashboard for staff to track availability, update reservations, and handle vehicle data from a central place.
- Enabled damage reporting via an interactive UI, reducing time spent on maintenance coordination and improving fleet turnaround.
- Improved data reliability by replacing Excel-based processes with a structured MySQL schema and server-side validations.

### Education

---

#### Institut Spécialisé de Technologie Appliquée (ISTA) – OFPPT

Casablanca, Morocco

Specialized Technician Diploma in Digital Development

Sep 2023 – June 2025

### Certificates

---

- Next.js App Router Fundamentals
- Next.js SEO Fundamentals
- MongoDB Node.js Developer Path
- Docker Foundations Professional Certificate
